

WIR SEHEN UNS AM FEUER!

DEVELOPMENT ENGINEER, Combustion Technology (m/f/d)

Do you like to delve deep into a scientific topic and invent things? Do you challenge the status quo and are you constantly looking for different and better ideas?
Are you driven by a problem that seems unsolvable at first glance?

If you're nodding your head, then this could be the job for you.

höfats is a young design company based in the Allgäu region of Germany that develops fascinating products around the theme of fire. Researching and inventing the perfect flame is what drives us. In order to become even better at this, we are looking for a

Development Engineer (m/f/d) with knowledge and experience in combustion technology.

Your job is to develop and optimise the perfect combustion technology for different fuels. This includes the following responsibilities:

- Developing innovative combustion technology for different fuels
- Researching and developing new combustion methods
- Independently designing, setting up and running experiments
- Measuring exhaust emissions, analysing data and understanding individual parameters
- Chemical analysis of combustion performance
- Comply with applicable standards and other regulatory requirements for new developments
- Actively contribute to our product development team with expert knowledge of fuels, combustion and fluid dynamics

Your profile

- You have successfully completed a degree in engineering, ideally as a chemist or chemical engineer.
- Ideally, you have experience from previous projects related to combustion technologies, e.g. heating manufacturers, furnace construction, etc.
- You are a passionate hobby pyromaniac and fire enthusiast as well as an open-minded creative thinker.

- You are as enthusiastic about innovative product ideas as we are.
- You see product development as teamwork, but you also feel responsible for your own tasks and like to take the initiative.

What can you look forward to at höfats?

We are an open, motivated and welcoming team who put their heart and soul into keeping the höfats fire burning every day. To ensure that this is successful and that you feel comfortable, we have a tried and tested range of motivational boosters, including:

- A modern, accessible and beautiful riverfront loft office
- Company fitness, bike leasing and table football for physical exercise
- Regular grill & fire sessions, refreshing drinks in the fridge and a high-tech barista coffee machine with the world's best coffee
- Employee discounts on höfats products for you, your family and friends as well as monthly changing offers from Corporate Benefits
- Dedicated parking at the office and in the car park
- Flexible working hours

Are you on fire?

Being part of the höfats family means shaping the future of our company and your own future at the same time. We hire talented people who want to be more than just another personnel file. Let's grow together personally and professionally and become the best team in the world.

Show us what you can do and send your detailed application to jobs@hofats.com. Melanie Wagegg (0831 989094-681) will be your first contact.

See you around the fire!
